David Bradley Schnitzer grew up loving art classes, broadcasting, and entertainment. He now does edutainment! Big Head Bob is the vehicle he uses to illustrate social and emotional learning. The mission of Big Head Bob is to bridge cultures and communities with mindful education. Bob’s big head is a metaphor for physical or mental imperfections. David, with the help of Big Head Bob teaches how to navigate difficult situations in a healthy manner.

The Big Head Bob program includes virtual and in-person class visits to students and afterschool groups. YouTube videos featuring songs, poetry, breathing exercises, collaborations with Cirque performers, mental health professionals and more are part of this mindful program.

The Big Head Bob book and some of the videos are offered in Spanish, Japanese, Mandarin, French, German, and American sign language.

**School & Community Workshops**
**Big Head Bob Virtual Visit Master Class:** Brief introduction to Big Head Bob's growth mindset event; dance break to get loose read through of one book; question and answer session, flexible discussion on YouTube videos, songs, video editing, book creation and more.

**Big Head Bob In-Person Visit Master Class:** same as virtual visit

**Big Head Bob Art Class:** Create art based on a page from the Social Emotional Learning book

**Bash & Design Art Gallery Event:** This art class is offered to students of all ages in a recreation setting: read The Adventures of Big Head Bob - Transform Your Weakness into Strength: create a painting based on the reading and discussion.

**Professional Development Workshops & Content Development**
**Educators, Health Care providers and Social Workers:** Project collaborations to create animations on social and emotional learning.
