

# Letter to a Cherished Friend

Freya Singh

In the realm of emotions vast, profound,  
My affection for you knows no bounds.  
Not a thesaurus did I employ,  
Yet words can't contain this heartfelt joy.

Fortunate, I feel, to call you my friend,  
A multidimensional journey, no end.  
Bright intellect, kindness in your gaze,  
Talent, humor, in myriad ways.

Anime whispers, K-pop beats,  
In your interests, a melody repeats.  
Nerdiness adorned with hobbies cool,  
A symphony of you, an eclectic jewel.

Top tier, you stand, in skills untold,  
Master of many, tales unfold.

Wisdom flows, advice sincere,  
Through life's trials, you draw near.

In the shadows of tough times past,  
You've been the anchor, steady and vast.  
A sculptor, shaping a better me,  
Your influence, a vast, deep sea.

Kindness learned, horizons wide,  
You stand as a beacon by my side.  
Knowledge, a treasury, vast and wide,  
With you, I embark on a better tide.

Old we may grow, in friendship's embrace,  
Yet, together, time we'll gladly trace.  
In your company, forever I see,  
A journey old, but forever free.
