

## **A Message About Who I Am (in my blue walker)**

Katie Wang

I am hard-working and confident in my blue walker.  
I wonder how the world works in the chaos  
I hear waves crashing against each other  
I see leaves blowing in the wind  
I want everyone to be kind to one another  
I am hard-working and confident in my blue walker.

I pretend to be in the movies, lights on me  
I feel happy seeing my friends at school  
I touch the soft panda laying on my bed  
I worry about people in the path of hurricanes  
I cry when my friends' feelings are hurt  
I am hard-working and confident in my blue walker.

I understand I will always comfort family and friends  
I say compassion is an important trait  
I dream of humanity sharing hugs on the sidewalk  
I try my best in all the work I do  
I hope for peace all around the world  
I am hard-working and confident in my blue walker.
